

Dear Parents and Carers,

As you know we take the internet security and wellbeing of our pupils very seriously, and we aim to keep you updated on any internet sites or games that may pose a risk to your child.

We have been made aware of an app called AMINO, which is a social media chat room site. It has been reported to us that there have been some incidences of grooming, and inappropriate interactions that have taken place through this site.

Whilst this app has a user age rating of 12+, we recommend that you have a conversation with your child about the risks of talking to people that they do not know on social media. If you would like further information about parental controls and supporting your child to use the internet safely, we have found the resources from the NSPCC to be excellent. They can be found [here](#)

If you have any questions or concerns about this, please contact your child's class teacher in the first instance, who will pass on any concerns to the Senior Leadership Team.

Thank you.
